By OLLIE P. LANSDEN.

Recognition will also be given all persons doing as much as 250 hours of work, and Mrs. Broadbent asks that all those who have numbered these hours or more come for application blanks and fill them out that they may also be sent to headquarters.

On Tuesday afternoon a meeting was held at the Pennell home on Santa Fe street for the purpose of organizing a "Victory Nurses" association and the association was formed with the following officers elected: Mrs. Frank Holt, president; Mrs. E. J. Pennell, first vice president; Mrs. W. H. Payne, secretary; and Mrs. E. H. Tate, treasurer.

The Victory Nurses association, which has been organized successfully in other cities and in towns much smaller than El Paso and which has proved to be a big assistance to persons of average income, is to be a self-sustaining organization after the first few months. For a short time it will be necessary for persons who are interested in the movement to contribute to the fund.

The woman who really helps her husband is not a slave to the kitchen.

She is interested in the big things of today and knows what is going on.

She does not bake at home—particularly when she can buy a loaf that is made of the same pure ingredients she uses, and is fermented with a good measure of yeast as her own loaf is.

No!

The woman who really helps her husband is too sensible to spend hours doing what we can do for her just as well and just as cheap.

Think it over!

The hours you spend in baking could be spent to better advantage in some of the big movements of today.

Get into them now.
